## FARMERS ARE DECIDEDLY AGAINST ANY CUT IN LEGISLATIVE MEMBERS NIGHT FIRE GUTS CAMPBELL FURNITURE ANNEX

### By-election Urged Early By Farmers; Meet Closes

3,000 New Members Taken Within Last Two Months Is Report—Do Not Give up U.G.C. Grant

Turned down by resolution the proposal to increase the number of members in the Alberta legislature from 61 to 32, the last session of the U.F.A. last night also rejected a substantive resolution before the meeting, convention having brought it to a vote at 11:15. A resolution requiring a writ for a by-election to issue within thirty days of a vacancy was passed.

#### Membership Cries.

A gain of three thousand in membership as a result of membership drives in the past two months was also rejected, as well as a proposal to continue such drives. In reply to a question, figures were given, as follows: New members taken within last two months, 13,473; January 1, 1923, 14,240; January 1, 1924, 17,213.

The U.F.A. has decided to be self-supporting and in the interest of the U.G.C. grant at the earliest possible date.

Confirming the position of the U.F.A. in regard to proportional representation, the convention adjourned Riveraking that representatives of the U.G.C. be seated in federal and provincial fields, was carried.

Fire insurance, to be administered along the line of hall insurance, and by the same company which can find it practicable to handle it, was voted down.

Medicine flat that was carried, is one to appear in the amendments to the constitution, as suggested by the hall board.

The resolution sponsored by the Social Credit party, that the federal labor laws as tending to foster rather than relieve unemployment and that they should be dropped from the department of labor of the province, was voted down. It was proposed under an independent committee that the source of the suggestion should comprise representatives of the government and the U.G.C.

There was no move for the resolution that the U.G.C. should be allowed that a tax be placed on motor trucks, and that the amount placed to be placed on loads and widths of three units.

#### Older Belief.

West Edmonton submitted a resolution that the minimum wage for the municipal unit of the province is too small, and that the minimum allowance to widowed mothers that the province should be increased, and that it is proportionate to their tax paying capacity.

Several last minute resolutions were voted down, and hurriedly disposed of, including one approving the C. N. R. branch line between Edmonton and Lethbridge, another approving the principle of government ownership of all resources, including operation for the public welfare, not for private gain, such as coal mining.

#### Pension Repeal.

That members, even with an income of less than \$1,000 per year, should be entitled to the rest of their lives was the conclusion of the resolution which drew a small vote and was defeated.

Some argued that since the application of the pension would be a drain on the treasury.

Resolutions from the U. F. W. A. were approved, except one, which in several cases spoke to the by the women constituents. That the reading of an added qualification required of men to obtain a franchise, and that trustees should be returned, turned down.

Among those approved were resolutions adopting the scheme for the nationalization of the railways, that dominion divorce laws be made more lenient, and that the grounds for divorce the same for women as for men, early in the U.S. A paper so that districts now have a representative in the national convention week, adding that business and school libraries; that the men or having rearing dentate for the U.G.C. to be admitted to the convention for Alberta; that the U.G.C. should be the financial executive of the National Council, and that the Canadian government on exhibition mid-wives.

A motion of the national delegation to the convention, Saturday morning, was carried.

When the West is ablaze at sunset,  
And the calm and boundless ocean  
Unchanged by the hours of Time  
Reveals the horizon's glistening  
In light and shade, and tone,  
I sit and watch the scene,  
And dream awhile, alone.

By the verge of the sea at twilight,  
When the land bows soft from  
The heat, and the line of surf rolls onward  
To meet me with a roar, on the sand,  
As the stars shine forth in their brightness,  
And the sea-bird returns to her nest,  
Then the mystery of night is sounding  
As I sit awhile, alone.

**Slim or Stout, Your Dress May Betray You**

**Costume Designer Gives Pointers to Avoid Emphasis Clothes May Put on Physical Failings**

BY MARION HALE

N.Y. Service Writer

NEW YORK.—There are, of course, your own individual dress problems. But they have their limits.

If you are thin you don't have to worry about concealing your hips, and if you are stout you need not distract your eye by speculation as to whether your dress will show off your wide waist or not.

But what of poor maids who are not either very womanly or who make each one look like what she isn't?

Such an expert in human anatomy as Helen Campbell, costume designer for many of the most famous theatrical and motion picture stars, has the answer.

"Any thin woman," she says,

"is thin because she is thin."

"And any stout woman," she adds,

"is stout because she is stout."

"And any woman who is not either

thin or stout has the same problem."

"The costume designer's job is to

help the thin."

"The same rule applies to help

the stout, and to help the woman

in the middle ground."

That means that the costume

designer must consider every

angle of the body.

"The woman who is not either

## Calgary Tigers Triumphed Over The Victoria Cougars 7-3 In Hard Fought Game

Tigers Scored on Four Sensational Rushes in Third Period—  
Mickey Inn Had to Hand Out Penalties in Rapid Succession Towards the Close to Prevent General Flare-up

VICTORIA, Jan. 18—Calgary Tigers duplicated their victory of earlier in the season on local ice by beating Lester Patrick's Cougars tonight for the second time in their own home town. The final score was 7 to 3.

Four sensational individual rushes in the third period resulted in four goals, giving them their biggest victory in history over a coast league club. Eddie Oatman's boys had a lead of one goal when the puck was faced off in the closing chapter, but they turned loose a series of rushes and by good goal tending by Fowler put a big gap between themselves and Victoria.

The Tigers played a very aggressive game, attacking and pressing out prominently. They held their bodies to advantage and liked the hard milling. Toward the close of the game it became necessary very rapidly in order to prevent a general flare-up.

Just before the faces at the start of the game, a referee was presented to Oatman, former pilot of the Cougars, by the visiting team.

There was a precession of goals and penalties in the third period, and finally the Cougars were beaten the Tigers time after time, in the first and second periods and once more won the offensive war.

1922	22,000,584

It is not possible to give the directors details at this time, but the directors advise at this time, but the directors advantage of the opportunity to make the statement as the results are not yet available.

TESTIFIES

Harry F. Sinclair (right), oil magnate, testified a few days ago before the Senate committee investigating the Tea Pot Dome Oil deal. Senator Keniry, member of the committee, is shown next to Sinclair.

SANTA CLAUS BROUGHT 'EM IN A BUNCH

When Santa Claus visited the home of Mr. and Mrs. William Mahaney, in Saint John, New Brunswick, he left a most unusual Christmas gift—quadruplets, three girls and one boy. Here they are in the photograph, all in a row, and at the latest reports all well and healthy.

Mr. and Mrs. Mahaney already had a family of three boys and two girls, but this is the first occasion on which they arrived more than one at a time. They have been receiving showers of messages from well-wishers all over the country and from officials of the federal and provincial governments.

GOVT. INTERESTED IN NEW HELICOPTER

An entirely new principle has been employed in the construction of this machine. Invented by Dr. H. A. Zeltner of St. Paul, Minn. By equalizing the pressure above and below the contrivance it is said to have successfully demonstrated the possibility of vertical flight to such an extent that U. S. aviation officers have expressed a desire to witness a performance.

AMERICA'S REPRESENTATIVES

This is the first picture to be taken of the important American committee to represent the United States when the Reparations Commission meets on Jan. 14 in Paris to determine Germany's capacity to pay. Left to right: Stuart M. Cracker, secretary; Harry C. Dawes, chief of staff; Owen D. Young and Charles G. Dawes, who head the committee. Photo taken in the State department where the four men received final instruction from Secretary Hughes.

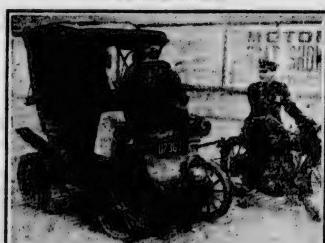

Harry Payne Whitney, millionaire sportsman and society man, is shown here testifying before the Senate Committee investigating the Tea Pot Dome Oil Lease. He told of his connection with the negotiations. Whitney is standing.

SPEED DEMONS!

What is said to be the longest petition ever submitted is shown here. It contains names of 346,846 persons who were represented by Representative George L. Stover of Pennsylvania in his presentation. Left to right: Speaker Cannon, Representative Ferguson and Charles F. Jenkins, editor of the Farm Journal, who collected the signatures.

NEWS COMES HIGH IN GERMANY

Prices are changed regularly as the mark continues to fall.
